FEDERATED NATIONAL HOLDING COMPANY REPORTS FOURTH QUARTER AND FULL YEAR 2017 RESULTS

Sunrise, Florida, March 13, 2018 – Federated National Holding Company (the "Company") (Nasdaq: FNHC) today reported results for the three and twelve months ended December 31, 2017.

Q4 2017 highlights (as measured against the same three-month period last year, except where noted):

- Net income of \$6.3 million or \$0.48 per diluted share.
- Homeowners net premiums earned of \$80.4 million, up 18.6%.
- Gross written premiums of \$133.9 million.
- Florida homeowners policies of approximately 272,000.
- 49.9% increase in non-Florida homeowners' policies to approximately 30,600.
- 13.1% increase in total revenue to \$101.8 million.
- \$1.5 million of claims, net of recoveries including reinsurance, from Hurricane Nate and other severe weather events during the fourth quarter of 2017.
- Book value per share, excluding noncontrolling interest, of \$16.29, as compared to \$16.01 as of December 31, 2016.
- Repurchased 75,667 shares of common stock at an average price of \$16.11, during the fourth quarter of 2017.

Mr. Michael H. Braun, the Company's Chief Executive Officer, with reference to the quarter's results, said, "Our fourth quarter financial results represent a solid end to the year, which was impacted from weather-related events and challenges in our non-core business model. Excluding realized gains, fourth quarter revenue grew by 10% and 14%, respectively, compared with the third quarter and prior-year fourth quarter, driven by 13% and 21% increases in our core Homeowners business line over those respective periods. Net income comparisons with the third quarter and prior-year fourth quarter are strong, given hurricane activity that occurred in each period, with Homeowners results up over \$15 million in each case. We've entered 2018 in a strong position in our core operations, with enhanced strategic focus on our Homeowners business. We recently completed the acquisition of the minority interests in Monarch, and previously announced our exit from our non-core Automobile operations. We have also decided to exit from our commercial general liability lines, a non-core business that represents less than 2% of our gross written premium. We believe we have a unique opportunity in 2018 and beyond to build on our strong presence in the Florida market, expand selectively in other coastal states, and invest in initiatives to drive further improvements in underwriting profitability and operational efficiency."

Revenues

• Total revenues increased \$11.8 million, or 13.1%, to \$101.8 million for the three months ended December 31, 2017, compared with \$89.9 million for the same three-month period last year.

- Gross written premiums decreased \$3.2 million, or 2.3%, to \$133.9 million in the quarter, compared with \$137.1 million for the same three-month period last year. The decrease was driven by Automobile, which decreased \$6.9 million, partially offset by an increase in Homeowners of \$3.6 million. The Automobile decrease was due to management actions to reduce the size of our overall program consistent with our previously disclosed plans to exit the Automobile line of business. As of December 31, 2017, the Company has only 2 remaining Automobile programs that will generate premiums earned in 2018. Homeowners' non-Florida has continued its significant growth in 2017, specifically in Louisiana, Texas and South Carolina.
- Gross premiums earned decreased \$0.5 million, or 0.3 %, to \$151.9 million. The results include \$7.5 million of Homeowners growth spanning several states offset by an \$8.0 million decrease in Automobile as a result of management actions to reduce premiums written in this line of business.
- Ceded premiums decreased \$11.1 million, or 14.7%, to \$64.4 million in the quarter, compared with the same three-month period last year. The decrease in ceded premiums earned was driven by lower ceded premiums from Automobile as a result of lower gross premiums discussed above. Additionally, Homeowners ceded premiums decreased due to the expiration of the retrospectively-rated 10% and 30% Florida-only property quota share treaties, which ended on July 1, 2017 and 2016, respectively. The effect of these expirations was partially offset by a new 10% Florida-only property quota share treaty, which became effective on July 1, 2017.
- Other income increased \$2.9 million, or 58.1%, to \$8.0 million in the quarter, compared with the same three-month period last year. The increase was driven by \$1.8 million of partnership income from Southeast Catastrophe Consulting Company, our 33% owned investee, as well as \$1.3 million of additional brokerage income generated from the reinstatement of an XOL layer as a result of Hurricane Irma losses.

Expenses

- Losses and loss adjustment expenses ("LAE") decreased \$12.7 million, or 17.8%, to \$58.9 million for the three months ended December 31, 2017, compared with \$71.6 million for the same three-month period last year. Lower ceded losses from the combination of the retrospectively-rated 10% and 30% Florida-only property quota share treaties and the new 10% Florida-only property quota share treaty drove losses higher in the fourth quarter of 2017 by approximately \$8.5 million. Additionally, during the quarter, we strengthened net loss reserves by approximately \$4.7 million of additional losses above the attritional rates across our lines of business. The Company was also impacted by claims, net of reinsurance, of \$1.5 million related to Hurricane Nate and other severe weather events in the Homeowners line of business. Lastly, during the quarter, we recognized \$1.6 million of income for catastrophe claims handling, which represents a reduction to net losses. These impacts were offset by fourth quarter 2016 activity which included approximately \$21.4 million of losses, net of reinsurance, related to the impact of Hurricane Matthew and approximately \$4.0 million of additional losses above the attritional rates across our lines of business.
- Commissions and other underwriting expenses decreased \$0.3 million, or 1.1%, to \$27.9 million for the three months ended December 31, 2017, compared with \$28.3 million for the three months ended December 31, 2017.

2017 vs. 2016 Full Year Results

• The Company reported \$8.0 million, or \$0.60 per diluted share, of net income for 2017 as compared to net income of \$1.0 million, or \$0.07 per diluted share, for 2016. Full year earnings in our Homeowners business were \$3.2 million in 2017, as compared to a loss of \$3.5 million in 2016. See the Company's 2017 Form 10-K, which is being filed contemporaneously with this press release, for further analysis of full year results.

Stock Repurchase Program

- During the fourth quarter of 2017, the Company repurchased approximately 76,000 shares of common stock for \$1.2 million at an average price of \$16.11.
- During the full year 2017, the Company repurchased approximately 654,000 shares of common stock for \$10.6 million at an average price of \$16.23.
- During the first quarter of 2018 thus far, the Company repurchased approximately 280,000 shares of common stock for \$4.3 million at an average price of \$15.40.

Revisions to Previously Disclosed Financial Information

• As further explained in Note 1 to our consolidated financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2017, management identified certain errors in the previously issued consolidated financial statements for fiscal years 2016 and 2015, as well as the first three quarters of fiscal year 2017. The corrections primarily relate to the up-front recognition of direct written policy fees across all our lines of business and fee income generated through the Company's personal automobile business, the over-amortization of deferred acquisition costs and the accounting for certain limits in our automobile reinsurance agreements, related to ceded premiums and other items. The Company has concluded that the errors are not material to any of the Company's previously-issued financial statements. Accordingly, the Company has concluded that an amendment of previously-filed periodic reports is not required.
